DIE ALFA-VERSLAG

Beste Ouers en Ferdie-familie

Wat 'n voorreg om elke dag op ons Ferdies-terrein rond te beweeg en te sien hoe ons leerders floreer. Hulle floreer nie net akademies nie, maar ook as gebalanseerde jong individue wat hul volle potensiaal nastreef. Die entoesiasme en toewyding waarmee hulle aan klaskameraktiwiteite deelneem, getuig van 'n sterk leer- en onderrigkultuur wat in elke deel van ons skool opmerklik is.

Die toetsreeks is in volle gang en ons matrikulante is reeds volstoom aan die voorbereiding vir die komende rekordsamen. Ons is trots op die volwassenheid en vasberadenheid waarmee hulle hierdie belangrike tyd aanpak.

Ons is ewe trots op die holistiese ontwikkeling van ons leerders. Die O/15-netbalspan het onlangs 'n indrukwekkende prestasie behaal deur tot die eindronde van die Bayer-reeks deur te dring en 'n silwermedalje te verower. 'n Uitsonderlike prestasie wat hul harde werk en spanpoging beklemtoon! Die derdespan het 'n 4de plek in hierdie toernooi behaal.

Verder neem talle van ons leerders met groot entoesiasme en sukses deel aan die Allegretto Interprovinsiale Eisteddfod in verskeie afdelings soos Spraak & Drama, Akrobatiese Danse, Visuele Letterkunde, Koor en nog vele meer. Die akademiese uitblinkers het ook aan die Afrikaans en Fisiese Wetenskappe Olimpiades deelgeneem. Die Afrikaans Olimpiade se uitslae is veral noemenswaardig deurdat 13 Afrikaans EAT en 4 Afrikaans Huistaal Ferdies-leerders onder die top 20 in die provinsie geëindig het. Baie dankie aan elke Ferdies-leerder vir hulle deelname en geluk met julle mooi prestasies.

Ten opsigte van veiligheid is ons opgewonde om aan te kondig dat ons 'n nuwe verkeersvloei-model geïmplementeer het. Hierdie model is daarop gemik om die veiligheid van ons leerders tydens spitstye te verseker. Ons doen 'n vriendelike beroep op ouers om kinders slegs by die aangewese parkeerareas langs die skool se heining af en op te laai. Tydens spitstye word die drie hekke oopgemaak om voldoende toegang en uitgang te verseker. Laat ons hande vat om hierdie nuwe reëling 'n sukses te maak in belang van almal se veiligheid.

Ons is ook trots om te deel dat die gebiede voor die skool onlangs netjies geplavei is, met nuwe parkeerlyne wat duidelik afgebaken is. Hierdie verbeterings dra by tot 'n meer georganiseerde en veilige omgewing vir almal.

Baie dankie vir u voortdurende ondersteuning en betrokkenheid. Dit is juis deur u samewerking dat Ferdies steeds 'n toonaangewende akademiese instelling kan bly: 'n plek waar leerders floreer in 'n veilige en stimulerende leeromgewing vol geleenthede.

Onthou om die Wolwespoor-program dop te hou sodat u ons Ferdies-leerders kan ondersteun tydens toernooie, optredes en ander geleenthede. Saam is ons sterker!

'n Warm Ferdie-groete

THE ALPHA REPORT

Dear Parents and Ferdie Family

What a privilege it is to walk around our Ferdies grounds every day and witness how our learners are flourishing. They are thriving not only academically but also as well-rounded young individuals who are striving to reach their full potential. The enthusiasm and dedication with which they participate in classroom activities reflect a strong culture of teaching and learning that is evident in every part of our school.

The test series is in full swing, and our matriculants are already in full preparation mode for the upcoming preliminary examinations. We are proud of the maturity and determination with which they are approaching this important time.

We are equally proud of the holistic development of our learners. The U/15 netball team recently achieved an impressive feat by reaching the final round of the Bayer series and earning a silver medal. An outstanding performance that highlights their hard work and team spirit! The third team also did us proud by securing fourth place in this tournament.

Furthermore, many of our learners are participating with great enthusiasm and success in the Allegretto Interprovincial Eisteddfod, across a variety of disciplines such as Speech & Drama, Acrobatics, Visual Literature, Choir, and many more. Our academic achievers also took part in the Afrikaans and Physical Sciences Olympiads. The results from the Afrikaans Olympiad are especially noteworthy, with 13 Ferdies learners ranking in the top 20 in the province. A heartfelt thank you to every Ferdies learner for your participation, and congratulations on your remarkable achievements!

In terms of safety, we are excited to announce the implementation of a new traffic flow model. This model is aimed at ensuring the safety of our learners during peak hours. We kindly ask parents to drop off and collect learners only at the designated parking areas along the school's fence. During peak times, three gates are open to provide adequate access and exit points. Let's join hands to make this new arrangement a success for the safety of all.

We are also proud to share that the areas in front of the school have recently been neatly paved, and new parking lines have been clearly marked. These improvements contribute to a more organised and safe environment for everyone.

Thank you for your ongoing support and involvement. It is through your continued cooperation that Ferdies remains a leading academic institution: a place where learners flourish in a safe and stimulating learning environment full of opportunities.

Please remember to follow the Wolvespoor programme to support our Ferdies learners during tournaments, performances, and other events. Together, we are stronger!

Warm Ferdie greetings

Mr M Smit
Principal

SETH: Grade 8

The Grade 8 SETH learners had their first coding session in a series of three. The presenter, Mr. Dejon Weyers, made this complex first session as understandable as possible for the learners by conveying his knowledge with passion and skill. Passionate presenters spark interest in learners, in fields they would never have considered before. We look forward to all the skills the learners will master and practically display by the end of the coding series.

SETH: Graad 8

Die graad 8 SETH-leerders het hulle eerste van drie koderingsessies gehad. Die aanbieder, meneer Dejon Weyers, het hierdie ingewikkelde eerste sessie vir die leerders so verstaanbaar as moontlik gemaak deur sy kennis met passie en vaardigheid aan hulle oor te dra. Passievolle aanbieders wek belangstelling by leerders, in velde wat hulle nooit voorheen sou oorweeg het nie. Ons sien uit na al die vaardighede wat die leerders aan die einde van die koderingsreeks gaan bemeester en prakties gaan kan demonstreer.

TROPSAKE PACK MATTERS

SETH: Grade 9

Die graad 9 SETH-leerders het 'n informatiewe sessie gehad oor die beroepe van 'n chiropraktisyn en 'n biokinetikus. Dr. Aileen Tavares en Mnr. Rouan Knoesen het die verskille en ooreenkomste tussen die twee beroepsvelde op 'n interaktiewe wyse aan die leerders verduidelik. Leerders is ook ingelig oor die vakke wat hulle nodig het om toelating te verkry tot hierdie studierigtings. Die SETH-Akademie is baie dankbaar wanneer kundiges, soos Dr. Tavares en Mnr. Knoesen hulle tyd opoffer om hulle kennis en passie met die SETH-leerders te kom deel.

SETH: Graad 9

The grade 9 SETH learners had an informative session on the careers of a chiropractor and a biokineticist. Dr Aileen Tavares and Mr Rouan Knoesen explained the differences and similarities between the two career fields to the learners in an interactive manner. Learners were also informed about the subjects they need to gain admission to these fields of study. The SETH Academy is very grateful when experts, such as Dr Tavares and Mr Knoesen, dedicate their time to share their knowledge and passion with the SETH learners.

TROPSAKE PACK MATTERS

SETH: Grade 11

The grade 11 SETH learners had two consecutive sessions on the different engineering disciplines and how these disciplines work together. Ms Jody Machlachlan, a Junior Engineer, illustrated the differences to the learners in a practical and interactive way through a case study. Each learner was given the opportunity to fulfill a specific engineering role. The learners certainly now has a much better idea of what the six main engineering fields entail.

SETH: Graad 11

Die graad 11 SETH-leerders het twee agtereenvolgende sessies gehad oor die verskillende ingenieursdissiplines en hoe dié dissiplines saam met mekaar werk. Me. Jody Machlachlan, 'n junior ingenieur, het deur middel van 'n gevallestudie die verskille op 'n praktiese en interaktiewe wyse aan die leerders illustreer. Elke leerder het die geleentheid gekry om 'n spesifieke ingenieursrol te vervul en het beslis nou 'n baie beter idee van wat die ses hoof ingenieursrigtings behels.

PROJEK VIR DIE VOLGENDE 2 MAANDE

PROJECT FOR THE FOLLOWING 2 MONTHS

Ons wil graag die platform langs die saal omskep in 'n buitelugteater deur Griekse-styl pilare op die hoeke van die platform aan te bring. Ons mik daarna om die projek binne twee maande te voltooi. Enige bydrae of donasie sal opreg waardeer word.

Onder is 'n voorstelling van die beoogde projek:

We would like to convert the platform next to the hall into an open air theater by building four Greek-styled columns/pillars on the corners of the platform. Our aim is to finish this project within two months. Below is a representation of the project. Any contribution or donation will be sincerely appreciated.

Word asseblief deel van hierdie droom en ondersteun die kultuurleerders van ons skool.

Please become part of this dream and support our school's culture learners.

MySchool MyVillage MyPlanet
MAKE EVERY SWIPE COUNT

The MySchool programme was initially founded for parents who wanted to help their child's school raise more funds in an easy and sustainable manner. Over the 24 years of our existence, we have expanded to help parents as well as anyone else who would like to raise funds for schools and education. MySchool strongly supports and encourages quality learning in South Africa, through various schools and charity organisations. We aim to ensure that all children have access to the education excellence they deserve.

Die MySchool-program is aanvanklik gestig vir ouers wat hul kind se skool op 'n maklike en volhoubare manier wou help om meer fondse in te samel.

Oor die afgelope 24-jaar van ons bestaan, het ons uitgebrei om nie net ouers nie, maar ook enigiemand anders wat fondse vir skole en onderwys wil insamel, te ondersteun. MySchool ondersteun en bevorder sterk gehalte-onderrig in Suid-Afrika deur verskeie skole en liefdadigheidsorganisasies. Ons streef daarna om te verseker dat alle kinders toegang het tot die uitnemendhede onderwys wat hulle verdien.

Support Your School While You Shop!

Dear Parent or School Partner,

We're thrilled to introduce the Security Mecca Loyalty Rewards Programme – a simple, powerful way to give back to your school while taking care of your everyday purchases.

PLEASE NOTE : The school must register first with the school registration form and send it back to Security Mecca. This step is crucial as the school need to be setup on the portal for the parents to select the correct school and be linked to their loyalty card.

 **Here's How It Works:**

When a learner's parent registers and receives a Security Mecca loyalty card, every sale made with that card earns dual rewards:

-  **1% of the purchase goes back to the parent**
-  **1% goes directly to the school linked to the learner**

 **What Can the School Do With the Rewards?**

Each school's share is stored on a dedicated Mastercard, giving them full flexibility. Schools can choose to:

- **Purchase school supplies or security equipment**
- **Sponsor a learner's school fees**
- **Spend the funds at one of our trusted loyalty partner stores**

 **It's 100% up to the school.**

 **Everyone Wins**

Parents save. Schools benefit. And our communities grow stronger – one swipe at a time.
